

Gator Paper

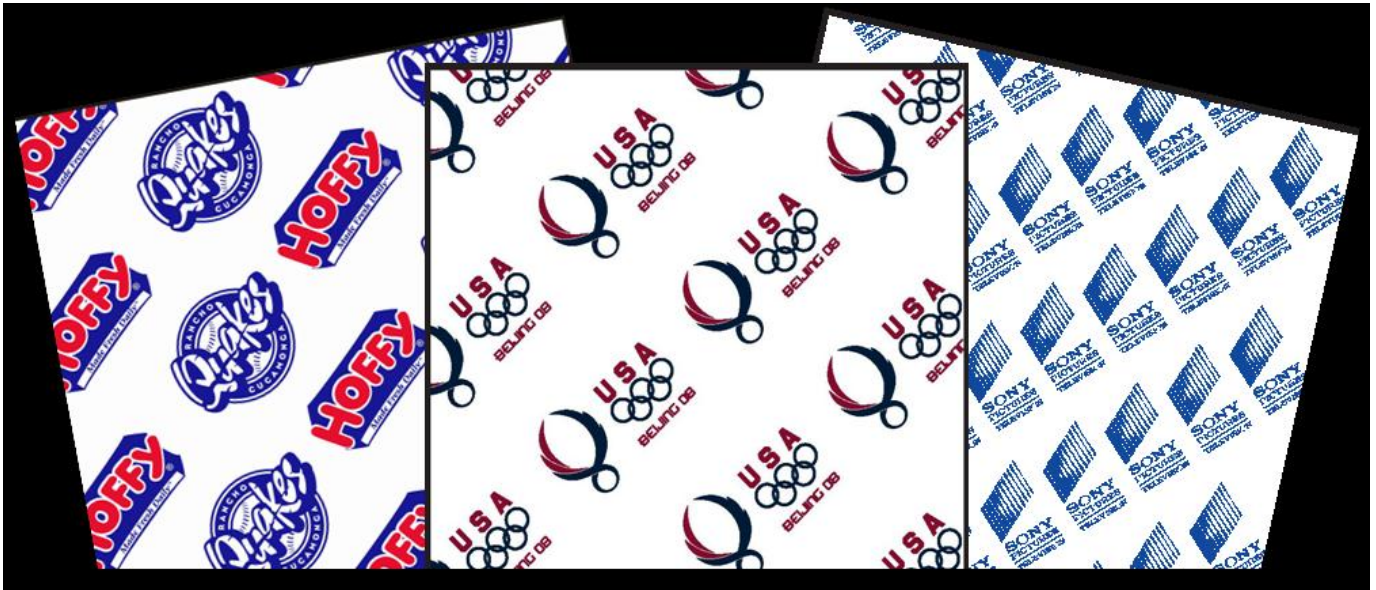

TAKING A BITE OUT OF THE COMPETITION!

Gator Paper offers your company the opportunity to help make a difference in our environment. All of our paper products, coatings and inks are 100% recyclable and food safe. We offer products for both light and heavy duty food needs. We offer very low minimums competitive pricing and short run times.

Take advantage of our low cost **Deli Paper**, 5,000 sheets per case, 20lb non coated paper. This paper is light weight and is great for use as a basket liner, light duty paper and sandwich wrap.

Our **Hot Paper** is unlike any paper on the market today and can only be purchased from Gator Paper. It is a new product that replaces cushion foil. It is microwave safe, oven safe up to 375° and grease absorbent. This is a 26lb coated paper and comes in 2,000 sheets per case. Hot Paper is perfect for hot dogs, hamburgers and hot sandwiches. Great for items you want to reheat in the microwave without having to remove food from the paper like cushion foil (non recyclable).

Cushion Foil is Out and Gator Paper is In!

We offer 7 different types of custom printed paper. Standard and custom size sheets available. We also offer 3 different food service label shapes that come in many different sizes.
